Electrical Engineer – Shape the Future of Industrial Automation with Allaxa Smart

Allaxa Smart is an innovative IT services provider, empowering clients with tailored solutions across IT and adjacent business domains. From concept through implementation and ongoing support, we're there every step of the way. Now, we're building a team of high-caliber professionals who will drive our vision forward.

We're seeking an ambitious and skilled

Electrical Engineer

with a passion for innovation, eager to make a difference in a global setting.

Your Role

Join us in collaborating with a leading Swiss client, known for delivering custom industrial automation solutions and developing cutting-edge control and switch cabinet systems. You'll bring your expertise to the table, adding value through your experience in project management and switchgear and control system construction. Expect a dynamic, varied role within a motivated international team, offering exceptional growth potential.

What You Bring to the Team

- **Self-Motivated Professional** – Ready to take on new challenges with an independent, proactive approach.
- **Adaptable Problem-Solver** – Highly motivated, solution-oriented, and committed to delivering results.
- **Lifelong Learner** – Eager to acquire new skills and lead projects autonomously.
- **Collaborative Team Player** – Able to thrive in a team-oriented, cooperative work environment.

Ideal Background

- **Degree** in Electrical Engineering or similar field
- **Hands-On Experience** in setting up switching and control systems
- **Proven Project Expertise** in relevant areas
- **Outstanding Communication Skills** – Interpersonal, organizational, and communication abilities are a must.
- **Team-Oriented Attitude**
- **Language Skills** – Fluency in English required; German is a plus.

What We Offer

- **Global Opportunities** – Work on international projects within a supportive and forward-thinking environment.
- **Growth & Development** – Ongoing training and professional growth.
- **Modern Workspace** – Flexible options in Lisbon, Switzerland, or remote, with full onboarding support.

Location: Lisbon

Ready to make your mark? Excited for the next step in your career?

Then we want to meet you! Please send your application in English along with a photo to jobs@allaxa-smart.com. Use "Electrical Engineer" as your subject line.
